

Wolf Park Condominium Association 2017-2018 Sequel Outdoor Services Contract

SNOW REMOVAL PROCEDURES

(Drivers will not knock on doors)

Snow removal clean up may begin as early as 8:30 am.

Final clean up will be done the day after the storm.

- **The contractor will sound his horn at each building to indicate when to move their vehicle for the clearing of the parking spaces.**
- **The contractor will allow 15 minutes for the resident to respond.**
- **Residents who will be away for any period of time during the winter months are encouraged to remove their car from the property or have a trusted neighbor prepared to move the vehicle on your behalf.**

You may park your car temporarily street-side until the parking lot is cleared.

Do not park street side the night before a storm.

Only move your car street side during cleanup process.

We need your cooperation – any vehicles found not in compliance with these procedures will be subject to towing at owner's expense and/or fines!

**If your car has been towed, please contact
Kent's Tow Company at 603-673-4848**

**We appreciate your cooperation
